

"He is professional through and through, honoring commitment dates and time constraint on programs equally well."

*Janice Noffsinger
Farm Bureau*

"By starting our morning with many laughs, then moving on to remind us of the impact we have on the lives of our students, you helped to reinforce the importance of the tasks which educators perform daily."

*Becky Simpson
Director of Instruction
Athens City Schools*

"David Hunter is a genius at connecting "down home" values of character, integrity and honor to today's changing scene. His sidesplitting renditions of country life will surely place him as a peer of Jerry Clower, Andy Griffith and Will Rogers."

*Jim Wyche, CEO
J. Wyth and Associates*

Dr. David Hunter does keynote, luncheon and after dinner speeches.

Audience: Agriculture Business
 Civic Groups Educators
 Veterans Youth Groups

David Lee Hunter, PhD

A Blend of Humor, Inspiration, Motivation and Patriotism

David's topics include:

From Country to Cosmopolitan

David was born on a farm in rural Kentucky. He knows what it means to milk a cow by hand and plow a corn field with a mule because he has been there and done that. He also understands modern agriculture because he has three college degrees in agriculture. He has worked his entire career in the field of agriculture. He has always been proud to be a part of agriculture. He can make farmers and agribusiness people feel proud to be a part of our great agricultural system.

From Poverty to Prosperity: Education was the Key

From a poverty-stricken rural farm youngster with little self confidence and low self-esteem, David relates what education has meant to his life. He tells of teachers who directed him, encouraged him, were role models and inspired him to stay in school and live up to his fullest potential. The audience may shed a tear when he relates how teachers have touched his life.

Achieve Your Goals One Step at a Time

Many times it is difficult to connect with an audience of youth. But David uses learning the auctioneer's chant to hold their attention while giving them many lessons of life about goals, values, ethics and patriotism. He will have the youth on the edge of their seats riveted to every word.

Levity and Lessons from Vietnam

David served in Vietnam. He tells of some poignant and humorous experiences while serving in the military during this era. He relates how the Vietnam experience instilled in him a greater sense of pride and gratitude for being an American and how lessons learned in the military and Vietnam can apply to your family, business or profession. Your chest will swell with pride as David ends his presentation with "A Salute to the Flag". You will laugh. You will cry. You will feel proud to be an American.

Quotes from Satisfied Clients

"People laughed until they had tears in their eyes. Dr. Hunter received a standing ovation and I received credit for getting a great speaker."

*Missy Lowrie
Abandoned Coal Mine Reclamation Committee*

"What a great time everyone had! Several employees said, "This was the best speaker we ever had — we laughed until our jaws hurt!" We especially appreciate his research into our industry."

*Linda Lay, Director of Communications
Plateau Electric Cooperative*

"When you can keep a room with 250 plus people listening to a speech — sitting on the edge of their chair — laughing, applauding and crying, you know the message is entertaining and meaningful. This Dr. Hunter can do. I have heard numerous speakers. But none that compare to Dr. Hunter. He's the best!"

*Sue Stivers
Chamber of Commerce*

"I have arranged for him to speak at our annual conference twice. He is the only one who has been invited back to this very tough crowd. One of the main reasons for having him back is that he related well to a mixed group. He always has a clean program and ends with a good motivational or moral point. He is just what I like."

*Dr. Bill Thomas
Southern Dairy Conference*

"David has the unique ability to cause your sides to burst with laughter one minute and the next minute bring tears to your eyes with the seriousness of his belief in God and love of country."

*Harry Bryan
Agricultural Extension Service*

"He is the only speaker we have used twice and both times he received a standing ovation...something our group does not do often."

*Judy Bassee
Association of Fairs*

"Very positive presentation. Good combination of message and humor. The young people heard a good message without being made to feel they were being preached to."

*Curt Lucas
Future Farmers of America*
